

EQUIPMENT, BOOKS AND MATERIALS

The Board of Education shall provide a diversity of instructional resources including textbooks and other printed materials, audiovisual aids and devices, laboratory and shop materials and equipment necessary to implement the district and school educational goals and objectives and meet pupil needs.

Materials and equipment shall be located as close to the student and teacher as is economically feasible, and in sufficient quantity to be easily available.

The Superintendent shall provide the Board with recommendations for the acquisition of instructional resources consistent with the budget. The Superintendent shall consider recommendations of staff members on the appropriateness of particular items to specific programs.
