Lyndhurst, New Jersey 07071

File Code: 9430

ANNUAL REPORT TO BOARD

The Superintendent is directed to prepare and present to the Board and public a comprehensive annual report on the general conditions of the schools at the close of each school year.

The report shall summarize the curriculum, special programs, and services provided by the district; staff organization and responsibilities; expenditures for major purposes; and provide additional information of importance to the community on school operations and problems.

The Board of Education shall itself annually conduct a systematic evaluation of its functions and role, with particular attention to policy making, the administration of policy and methods of monitoring policy administration.
